MET Freshmen Tool List Fall 2017 (Last revised: 05/2017)

Welcome to the MET major! To assist you in preparing for classes, please print this list, and use it as a guide for purchasing the tools and materials needed for your MET classes this fall. The list is comprised of the following items:

MET Tool List 2017			
Item No.	Qty.	Model No.	Description
1	1	-	MET Engineering Graphics Tools (complete kit)
2	1	HP 35s	HP 35s Hewlett-Packard RPN Scientific Calculator
3	2	-	USB Flash Drive, 2GB minimum, any brand
4	1	-	Online Materials (\$50)
5	1	-	SME Membership Dues

Be sure to read through the related notes found below. Items 1 – 3 are available from the college bookstore, and must be purchased prior to the first scheduled class. For more information on purchasing these items, contact the bookstore directly. Items 1 - 3 should be brought to the first class session.

Item 1

The MET Engineering Graphics Tools kit is available through the bookstore as a complete kit. For questions regarding the kit, contact the bookstore.

Item 2

Students will receive instruction on RPN programming using the HP 35s calculator. It is the required calculator for all students enrolled in the MET program.

Item 3

Two USB flash drives are required for file storage.

Item 4:

Instructions will be given on the first day of class for payment to the college for the required online materials. Payment must be made during the first week of classes.

Item 5:

The MET Department highly recommends that students in the major join the student SME chapter. However, membership is voluntary. SME dues will be collected during the first two weeks of classes.
